

Dear Jim,

5/16/91 and later

As you know, I've been behind in my filing. In catching up, with some help, I came on the letter I wrote you 2/26/89 with attachments. I'd forgotten about it but I am sure that you did not respond.

I presume that with the references to Dube it related to a case you had for Mark Allen and in rereading this I was correct in saying you really had Dube because he was withholding what he had already disclosed, of which I inserted some copies.

Having no particularly appropriate file, in the event you now respond to any if it, I'm titling the file CIA-Assassinations-Carle. I had the name wrong above, Dube preceded him.

As I ask at the bottom of page 1, "On page 4, can it be that there was more Mexico City info not disclosed?" If any more was disclosed I'd appreciate copies.

On page 2 I indented and then marked in the left margin the disclosure of CIA Oswald records to AP and asked if AARC had copies. which again I'd like very much.

I thought I had more in mind when I began.

I'm surprised those under him were not nearly as informative as they could have been in responding and informing Director Bush.

On another matter a buff from Con. was here day before yesterday. With his wife.

He indicated that AARC was facing problems the thrust of it that it may go broke.

Not his exact words, the impression I got from what he said.

I hope it isn't true, of course!

But in the event something like it is true and if you want any suggestions, let me know.

I found a note that some time ago I was to have phoned Lonnie Hudkins. Reminds me now that if you do not really want the tapes I gave you I'd like to have them back.

(He is still working in Buffalo, I just phoned him and he wasn't in yet. We got to be friends.)

Also found some records on me from FBI, 1958, copies designated to "espionage section." In 1958 I was farming The ~~the~~ attachments do not justify such referral but I don't know what is withheld. Some was from ADW, some from State, and both are investigative reports that as quite inaccurate. Of much earlier date. All I can think of that might have been involved as of that time was the request to me from State that I help the Russians raise better chicken. I may write Moschella about this and have a little fun.

Best,
