Dear Professor Raikin:

Re: Your TAS report of June 13, 1962 concerning
your interview of Lee Harvey Oswald

Contained in your report is the sentence, " Mr. Oswald
has been a member of the Marine Corps and while on duty
with the United States Embassy in Moscow.....".
When interviewed by the Federal Bureau of Investigation,
Mrs. Jean Jeter of TAS stated that you were the source
of this data.

I ^{now} having been having some difficulty in locating
the source for the background information contained in
the before mentioned sentence. Was that information
given to you by Oswald or was it obtained elsewhere?
Your kind assistance will be most appreciated.

rsvp

Sincerely yours,
