

6/24/95

Dear Gary,

Reur ~~XXXX~~ 6/20 and 21, Will you please tell me the page in NA! I used that NYT, was story? That may tell me where it is. I do not remember it. Remember, I wrote that book almost three years ago and have written so much since then! If it is in my office and I can find it of course I'll send a copy.

Not knowing what that report is I don't know if there is a summary of them or if so, where it might be.

On JAMA, I had a different kind of letter in mind. It also has a new president. Do you know his name? I saw him on TV. He is black. Perhaps his first name is Tom?

Seward's letter to you is an outrage. If I hear no objection from you I may use it.

When I wrote NA! from time to time I had a student who could search my basement file files for me. I now do not and cannot go there safely if what you want is not in my office.

Best,
