Dear Mary,
Then and as I con I am revieniue ny rsther extencive file of corcospondence wita the listional arcuives to detemine waother tiere urg unuasivered requests gnd to sse il i cen lacete that they mey heve provided thet I canot recall or lay gy hendz on.

They cluin tae ibI never gave tae wo copies of hudidne or Goulden's stories on rumors of Oswald's government connections. The reports of interviews whth these reperts are hawily models of good investigations or reporting.

One of the milaly lateresting things is thet the PBI interviewed Fudkins sbout ins story before it wes publiched, waich cen be teken os on indiEation taey rere alert to the aprearance of auch reports,

If you heve e copy of tha kudkine atory, can 7ou let me have a copy? The one of whick I Lave a record apresred in the "houston Fost $1 / 1 / 64$. Goulden's Was in the Philadelrgia Enguirer, I belleve.

Do you people have muca on this subject? If you do, and if it is not too much trouble to list what you have, I'd appreciate gecess to what I do not beve.

I find I hed reference in Comaiesion staff pepers to FBI interviews with Bill Alexander that the Archives claime not to heve. Do you thow enything about this?

Strangely (or is tilis the wrong sorajf), I have found no reference to any FBT interview with Swestt on this. Do you heve anytaing from hin, from whatever source? I seem to remenber from my own cheos stories thet the report originate sisiti Sweat in one version and llexander in annther. Erom the accounts of Alexander's belief तavald waz part of a Communist conspirecy, it "ould seem unlikely he glso believed hin a federal agant, unless he were extremply extremist in this thinkine. Hevs you eny opinion?

Did any of you ever follow the Tarsises atory, the telling the gs sha racognized $s$ man in the tD TV fontage? The SS Baems to have drcppen that pretty fast, sbout as sonn as tiney learned she stacked up as a dependable observer particularly good et pictures/faces.

Best regsids,
