

Dear Mark,

6/25/80

Either you forgot to enclose the check with your letter of 6/21 or I dropped it returning to the house with the mail. The lane is long enough for me to read a letter while walking and your's was the least fat, so I opened the envelope and read it while walking back to the house. After ward, when I didn't see the check, I retraced my steps in the lane and didn't find it. It could have blown away, I suppose.

Lil has not gotten to the copying yet but I think she will soon. When she had time it was just too hot in my office - and that machine does give off heat.

I had no idea you work so close to Jim and Bud. First time I'm in town again and there is time Jim can let you know. Probably be some time early next month.

Hope you like what you are doing. Best to Kevin.

Good luck!

Dear Harold,

Sorry I missed you when you were in town yesterday. You may not know that I work only a block from Jim and Bud at 20th & C, N.W. (#634-1595).

I have enclosed a \$3 check which should cover the copies I clipped when I reviewed your Mexico file. I have also included a self addressed-stamped envelope, which hopefully contains enough postage.

Jim and I will be getting together  
~~soon~~ (COVER)

-2-

soon about my appellate brief in  
78-1743. I have my fingers crossed,  
as the Court of Appeals has been  
acting rather flubby these days.

Best wishes,  
Mark
