JFK's Assassin

PARIS—U.S. President John F. Kennedy was killed by an "unknown murderer," Herve Alphand, former French ambassador to Washington, said in a book just published privately here. Alphand, who was a friend of Kennedy's, is now Secretary of State in the French Foreign Ministry. He made the comment in an introduction to a book of Kennedy speeches, and did not elaborate on it. Only 300 copies of the book are being printed. They are being sold at prices ranging from \$300 to \$1000.
