

When Les ~~was~~ showed me an FBI (Not WC) memo on the interview with Annally I told him it represented what must be countless words not given to WC - FBI versions. Later told him it had to reflect what in tonight's conversation I called a phone back channel. I told him who to call to see it / check what to ask for to improve this. He sent me the attached pages. They prove Les spotted a difference in what was actually said before I could amp up (was in hospital)... The FBI internal memo which was by Rosen to Belmont cc: deLoach & Sullivan is dated 12/13/63. The ~~Houston~~^{Houston} interview was 12/11, dictated 12/12 & not typed until 12/13... It is in tracing this ~~report~~^{report} Les found proof of all those other versions & ~~report~~ some... They moved The Annally story today in Saturday use... I had told Les I published the story cutting out of FBI version but Jack would not credit use any way. He did, was embarrassed, spoke to Jack, & Jack offered plug in new book. I said I had no interest in personal publicity but why would they not say I am the country's smallest publisher at Fred. He likes this approach, thinks Jack will. Offered him several items from it. He is to call tomorrow. 10/28/75
