Dear Bob,

After I wrote you yesterday the local Walden store told me by phone they had the stinkeroo of stinkeroos, I went and got it, I checked only some of the sources on me and the despicable things he said about Mary, and when I can I'll start a detailed memo on what he says about me.

So you can enjoy, here is his source for the OSS training me in political warfare.

His page xxii.

So I do not need the notes. Many thanks,

*Harold*
