Increased interest in books: three l.d. calls on them yesterday after mailing as I recall 21 in two days. The man from Indiana said that when his wife asked what he'd like to have for Xmas, he deiced getting my books again. ^He had then and loaned them out and didn't get them back. He also told me that the books stores which have handled, like Kroch& Brentano, Chicago area, will not get. They sold many, their local wholesalers still order, by the inflividual book even, which gives them a loss, and they had trouble getting my address. They finally did it at a new suburban K & B store by insisting with the clerks until they got one who apparently consulted Books in Print. HW 11/29/73
