Dear Mr. Kwitny,

Thanks you for the videocassette. I'll give it to the college, as I said.

You also enclosed a note that reads, N "Robert Raftel, #(415) 525 2820."

You say no more and I do not know whether you spoke to him, as I asked.

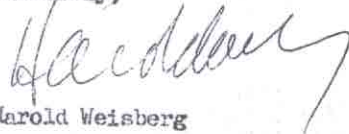

As I told you, he'll have no concern about me and he'll pay not attention to anything I say.

While I'm not sure it would be different if he hears from you I think the chances might be better.

If you have not spoken to him I hope you will.

I think there may be a chance that he might be concerned that others who might consider using his ~~services~~ services might get adverse comment from you.

Sincerely,

Harold Weisberg
