"America will
become just our
alternative to be

"Staggeringly well-researched and intelligent overview not only of the JFK assassination but also of the rise of forces undermining American democracy. . . . A kind of Rosetta stone for cracking open the deepest darkness in American politics. Will test the most well-informed."

—Kirkus Reviews

read and studied by
future generations.

Thank you, Peter

"No one provides a broader and more revealing perspective. . . . Scott's selective revelations move the Kennedy assassination into the historical context all Americans must first grasp before they can truly understand the consequences that terrible event had—and still has—on their lives.

—Gaeton Fonzi, Former Investigator, U.S. House Select Committee on Assassinations

**Deep Politics and the
Death of JFK**
PETER DALE SCOTT
