Dear Mr. Yardley,

This chap is also the oldest of that junk. *very oldest, too!*

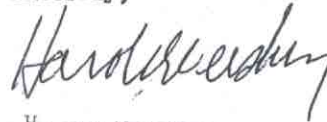

As I think I indicated, I want to leave a record for history on this cheap and to me disgraceful commercialization and exploitation.

In a separate file, that is.

From a brief glimpse of a loaned review copy I must return, it is apparent that this junk is shot full of careless and ignorant errors.

What a subject, what an occasion for ignorance or cheapness!

Sincerely,

Harold Weisberg
