

# ASSASSINATION SYMPOSIUM ON JOHN F. KENNEDY

ASK '94 in Dallas, Texas, will present the most outstanding program of researchers, authors, activists and eye-witnesses possible. For the fourth consecutive year, the Assassination Symposium invites all interested individuals to visit the city where tragic history was made. Registrants will listen to and interact with the most knowledgeable individuals in the field of assassination research over a five-day period.

**Will the Real Oswald Please Stand Up!**

To understand the events of November 22, 1963, one must stand on the grassy knoll and peer over the fence into Dealey Plaza. Stand in the very spot where Abraham Zapruder recorded the shooting on film. And look down from the Sixth Floor of the School Book Depository, the alleged Sniper's Nest, to the street below.

We are pleased to announce **Walt Brown**, author, assassination researcher, as our

Mr. Brown has studied the Kennedy Assassination virtually since it happened. His books include *The People v. Lee Harey Oswald* (1992), *Blue Death, Red Patsy, White Lies*, due in 1995, *The Warren Omission* (also due in 1995). He is active in COPA, and is currently working on a book that will take a unique look at Watergate.
