Steve August 68 Norfolk St., Needham, NA 02192 Dear Steve,

Thanks for to ur card.

I'm sure his grandfather was very glad to see your son. Were we in that position we would want to, very much.

I've read Bill Bepper's book. I have many questions about it. However, I A have no question about the rifle now in the news because I proved in court as # Ray's investigator, during the evidentiary hearing to try to get him a trial, that it could not have been. The judge just did, as judges can do, decided contrary to the evidence.

As I can get some of these manuscripts that are to be a record for history retyped, sometimes I have rough drafts I do not need. I think I'll have one on a very long manuscript in which " used Norman Mailer's terribly bad book to tell more of the story and more about the situation. Of you'd like it let me know and if as I think I do Not need it I'al send it to you.

We are making out, thanks. Lately I've been much more tired. If it lingers I'll see if the doctors have any help for it.

Our best,

Hard

Again, I hope you are both well.
