Dear Dr. Nichols,

Enclosed is the affidavit to the conditions required by Mr. Betzner. Also enclosed is a copy of my letter to him. I sent the original affidavit to him.

I would greatly appreciate two large prints from each of the negatives--at least 8 X 10" in size. I would also greatly appreciate two copies of a blow-up of the section of the second picture (the one taken nearest the TSBD) which shows the faces in the crowd. This can be best done from the negative. The reason I would like two prints of each one is to have a spare one on which to make any measurements and which I will have in reserve in case, god forbid, the other one is accidentally damaged. I have had some unfortunate experiences with fluke accidents not to want to have a spare on hand.

If there are any costs involved, please bill me. I have not heard from Mr. Morey but assume that he is still willing to do them. I certainly appreciate all the trouble you have gone to on this score for me.

By now you must be almost into court. Best of luck there. A decision in your favor could be a very important event in the struggle for an open and honest inquiry into the President's assassination.

If there is anything I can do for you, please let me know.

Best wishes.

Regards,

Gary Schoener
