Dear Mr. Angel,

Thank you very much for your July 29 answer to my July 21 inquiry and for the enclosed autopsy authorization.

You say, "An electrostatic copy of this paper is in the autopsy file for President Kennedy". The copy you sent me bears no file identification. Would you please inform me which of the numerous "autopsy" files this is in and, if it is an addition, the date it was added? It was not in any autopsy file that was shown me in my request for everything on the autopsy.

My letter of July 21 made a number of other request to which you make no reference. Would you please inform me when I may expect an answer?

Sincerely,

Harold Weisberg

Dear Mr. Weisberg:

This is in reply to your letter of July 21, 1969.

The records of the Warren Commission do not include copies of any of the documents listed in your letter except the "authorization for post-mortem examination signed by the Attorney General." An electrostatic copy of this paper is in the autopsy file for President Kennedy, and we assume that a copy of it was furnished to you with the copies of other papers in the files. Enclosed is a copy of this paper. Unfortunately, we do not have a better copy of it.

No additional material relating to the autopsy of President Kennedy has become available.

Sincerely,

A handwritten signature in cursive script that reads 'Herbert E. Angel'.
