Dear Dr. Chapman,

You appear to have obtained a copy of my second book, which appeared in late 1966. I had to break the book you ordered down. The first two parts were Oswald in New Orleans, which is out of print (I have to ask \$21 ~~ml~~ for the few remaining copies because it costs me that to replace them electrostatically); and Photographic Whitewash, which your check covers.

I have carried this work far forward but can't afford to go further into debt to print it and have not been able to develop any other interest. I still try.

Your examination of the film attracted little interest. If you have a copy of the statement you then made I'd appreciate it for my files. At the risk of sounding arrogant, ~~in~~ my own work is past the film. I rejected two offers to see it by proxy even though back in 1966 I was the first to ask and be rejected.

If you have any need for it, please note our address for almost 7 years.

Sincerely,

Harold Weisberg

SPECIAL PRE-PUBLICATION OFFER:

WHITEWASH III is planned for February publication. To those ordering it now and enclosing payment, we guarantee a special pre-publication price, including mail and handling charges, of \$5.00, plus priority in shipping. Those preferring notification of publication, please send us a self-addressed, stamped card or envelope. Checks will not be deposited until books are shipped.

WHITEWASH III will consist of photographic reproduction of those official documents and pictures referred to in the text of WHITEWASH II, never before seen or published, others which could not be drawn upon in the text, and some ferreted from the files after it was written. Included will be the original handprinted note with which the Secret Service sent the movies of the actual assassination to Washington the night of the assassination; the hitherto secret grilling of Marina Oswald the day of and immediately after her husband's murder; and countless other original FBI, Secret Service and Dallas police documents, reports, pictures and letters (by J. Edgar Hoover and others).

This will be an historic book. Nothing like WHITEWASH III has ever before been done. It will create its own major sensations.

These are among the most important and shocking documents in our history. They tell what the Commission dared not tell.

Every reader of WHITEWASH and WHITEWASH II will want a copy. Every serious student of the assassination, of American history and government, every school and library, will require copies, as will collectors of Kennedyana and memorabilia.

These documents will be entirely untouched. They will be reproduced exactly as they appear in the Commission's files, with none of the notations made by the authors or the staff removed.

In addition to the tremendous and intimate detail they contain about the assassination and its investigation and investigators, these documents and WHITEWASH III will reveal a never-before-told aspect of the functioning of government, especially of the methods and practices of the federal police. How honest and complete are FBI reports and the interviews conducted by FBI agents? What do they reveal of the intent and practices of the FBI and its agents? WHITEWASH III shows, for the first time and in the official documents.

Because of the added cost of this kind of book, the price of \$5.00, including postage and handling charges, cannot be guaranteed after WHITEWASH III is published. This is a limited, pre-publication offer.

(Coupon on other side)

WHITEWASH is the first and still the definitive book, the only book based entirely on the official evidence of the Warren Commission. It has pictures and facsimiles of documents not appearing elsewhere and never before published. WHITEWASH II neither duplicates nor replaces it. They are different books.

WHITEWASH II is the first book based on the until-now secret files of the Warren Commission. It also has pictures and facsimiles of documents never before heard of, seen or published.

WHITEWASH III is described on the other side of this page. Please read it carefully.

This form is for your convenience if your bookstore does not have these books. It is not required in ordering. You and your friends may send a note and check alone in ordering. We send packages by return mail. Insurance and special delivery charges, if desired, are extra.
