Route 8,
Frederick, Md. 21701

Dear Mr. Wisberg:

I have your letter of June 8th, in which you again share with me, your opinion of the David Wise article on the Kennedy assassination material in the national archives, and make a couple of inquiries.

I will take the inquiries first. You ask the date on which the Archives declassified the transcripts for me. The answer is that the Archives did not declassify anything for me, and that your inquiry should be directed to Mr. Wise.

You also ask if the Post would be interested in a story, which you have described as "the real story", in which there is "important foreign interest", one that "will not be an apology for the government".

The answer to the second inquiry is, regretfully, no. I just do not think that we can go back into this subject at this time. I do believe that whatever you may think of Mr. Wise's article, the writer a sober, competent, professional and the piece was edited and fact-checked by experienced people.

Thank you for writing.

Sincerely yours,

A handwritten signature in cursive script that reads "William A. Emerson, Jr." The signature is written in dark ink and is positioned to the right of the typed name.
