Alexandria, Va. 22303

Dear Bruce,

After receiving your letter of 6/22 I did speak to the university.

I was to have heard before the end of this month.

That I have not is probably because the chancellor became governor and they are awaiting the new chancellor.

Unless you have heard otherwise from me by the time the current charge for keeping belt/plates/film of Post Mortem expires please do not keep it and run the charges up for no purpose I can now see.

On the other hand if the shipping of the film is a nominal cost I'd have it shipped to the professor in charge. I do not know anything about the cost.

Sincerely,

Harold Weisberg
