Mr. Richard Bernabei
Queens' University
Department of Classics
Kingston, Ontario, CANADA

Dear Dick:

        By all means, see Similes. But I think you should
talk with Gary first. It began that way with him. My
recollection is that unless he lied to Gary he has no pic-
tures to show you and if he does he has been holding out.
But if you get to see them by all means if in his presence
make copies. They can be copied immediately today in a
proper store.

        Your letter arrived just as I qas about to leave.
I will show the enclosure to Dr. Nichols personally. I am
seeing him in two days.

                        Yours,

                        Harold Weisberg

φ May 1968

Mr. Weisberg:

Thanks for your letter.
I know the background of the Simpson affair, Dean,
Smele, and the rest. I am still awaiting a reply to
my letter. Have also sent a letter asking for a reply.

When I wrote to Similas I did not know that Gary
Murr was on him. Nevertheless, Similas called me
last night and said he was willing to talk with me
and show me his pictures. Gary did not tell me of
the details of his contact with Similas, so I hardly
know what to expect. If he was difficult with Gary,
perhaps he will be less so with me. He seemed friendly
over the phone, though vague and perhaps somewhat bemused
at the belated interest that is being shown in him.
Regardless what Gary got, I am going to go ahead and
see Similas anyway.

Thanks for the address of the CCI. If we can get
something going here, I hope that it will begin as
rather an informal group of interested persons. It is
easy to waste a lot of time on organizational details,
time better spent on other matters.

Thanks for sending my suggestin to Dr. Nochols. I
would be most interested to learn the results of his tests.

Attached is another item of interest that you may wish
to send to Dr. Nochols. It requires examination by a
pathologist.

Still,

Dick
