Dear Dick,

Thanks for copy Kevin-Skolnick interview, received today with returned Rgoads letter. As indicated separately, Skolnick file about complete. Got letter from WCFL, which aided and aired him, and replied, copy enclosed if I have enough. Not important to you.

Justice withheld two things I requested when I picked papers up today. I'll be sending letter. They're crazy, happily, as I think Bud will agree when he returns next week.

Russ was here over the weekend, so I haven't finished preparing Archives papers. Agencies next. Hope I can complete before I have to abandon for a while. I'd like to get complaints drafted and filed, but doubt there will be time.

Hope your orals go well. That business of the fish should be ample evidence of thoroughness, anyway. Learned as it is practical, if one is to do as the Romans do. Ride that Tiber!

It may not make the papers, but Stoner is running for Georgia Governor. Guess who is his campaign manager? The one (fortunately), the only Jerry Ray! Visited an old friend at NBC on the way in town this a.m. and he'd just gotten it off the wire.

Beginning Saturday, I must have planted a thousand irises, moved up from our old place. There may be that many daylilies. Fortunately, there are only about a hundred peonies. Next year we'll have even more color.

Thanks and best wishes,

Harold -

Enclosed is copy of Kerim-Skolnick interview.
In a letter, you requested Howard to send you a copy,
but since I had it in hand and it was convenient
and cheap. I have not yet read it.

I returned the original to Howard.

Also enclosed is your letter to Rhodes (18 May) which
I have not yet read.

Mail strike is not yet on, but is still
threatening.

Dick
