Dear Bob,

The answer is yes, use what you want and no, I do not have time to do anything to help.

I am even busier, and have gotten to the point where I really feel the fatigue. You'll see why.

Why not just consolidate the two Lovelady chapters in one?

WHITEWASH II is now out in a Dell reprint, so I'd rather you "advertise" other things that will be newer when your issue appears. Not that mention of the availability of the reprints might not be helpful. Both of the first books will continue to be available from me in the original form, for despite the difficulty of reading the typing, those who want a permanent edition prefer it, despite the \$4.95 price. By mail we include all charges for \$5.00.

WHITEWASH III got so enormous no single book could include it. I have spun off two already, one completed in April and one almost ready for the printer. The first is entitled CIA WHITEWASH: OSWALD IN NEW ORLEANS. I had a contract on which the publisher chickened out. I now expect (but have no contract) that Parallax will do it. If they do not, I shall, and I'll know pub date in a month, either way. The second, which I am doing as a private printing, is PHOTOGRAPHIC WHITEWASH: SUPPRESSED KENNEDY ASSASSINATION PICTURES. I expect it out by the middle of July.

The remained, which I hope can be included in a single volume, will be, in all probability, subtitled SUPPRESSION AND THE ONCE-SECRET FILES OR DOCUMENTS.

PHOTOGRAPHIC WHITEWASH will be \$4.95 or \$5.00 by mail. It will have more than 150 pages of these once-secret documents, reproduced in facsimile. CIA WHITEWASH, if I do it, will be an enormous book, for I'll include with the 180,000 word text more than 200 pages of similar documents. I do not know what the price will be on it, if Parallax does it or if I do. However, we'll answer all inquiries about it in a stamped, self-addressed envelope is included or will mail it on order with a bill.

These are all really part of a single monster work. There will be a sixth and later a non-organiz sequel.

All the books are available to bookstores at normal trade arrangements.

So, please write the ad to fit your space. Those who write me for first printings of WHITEWASH should so specify for the later printings include an index and we never send the few of the first we have except on specific request....If you want, you can use the Lovelady pictures, too. I have much more on this in PHOTOGRAPHIC WHITEWASH.

Good luck and thanks,
