WASHINGTON, Sept. 14—

Representative John G. Schmitz, the American party's Presidential candidate, accused the Federal Government today of withholding evidence that the attempted assassination of George C. Wallace was the result of a Communist conspiracy.

The California Congressman said that he was basing his charges on an article in the current edition of the Birch Society's monthly magazine, American Opinion, which Arthur H. Bremer, a convicted assassin, is alleged to have written and prepared for the use by members of the anti-communist movement in Milwaukee.

"Anyone who reads [the article] will realize that it was obviously a conspiracy. I charge that there was a conspiracy of silence about it up," Representative Schmitz, a former Republican who was defeated in a primary election last June, said.

After demanding an investigation by the House Select Committee on Assassinations, Schmitz also accused similarly inspired conspirators who were involved in the assassinations of President John F. Kennedy and Dr. Martin Luther King Jr.

The article, which was published in the magazine, American Opinion, in the July 1972 issue, was written by Arthur H. Bremer, a convicted assassin of Dr. Martin Luther King Jr.
