

JL re Redlich/1448

HW 3/9/79

Attached is more for the file of what was public relating to Redlich and the campaign against him and in this particular case released after the decision in 1448.

It is from the New Orleans "Oswald" file. The only mark I have added is the Volume number at the bottom.

The other markings, I think, are of a slight revision for distribution outside the NO FO.

I do not recall any copy for distribution being attached or provided from NO FO files. Maybe be in FBIHQ's.

I also do not recall any attachment.

Once upon a time I has a copy of this literature. As I recall it was somewhat racist.

Unless there is a need the Bringuier file is too large to search for it.

LEE HARVEY OSWALD

Informant made available a newsletter by Mr. Carlos Bringuier, Delegate in N.O. of the Directorio Revolucionario Estudiantil (DRE) or the Student Revolutionary Directorate dated June, 1964, at N.O. and written in Spanish. One paragraph of that letter in Spanish is translated below:

*translated is*

.....BELIEVE IT OR NOT: The Warren Commission was appointed to investigate the death of President Kennedy at the hands of the confessed Castro-Marxist Lee Harvey Oswald. Well, the Warren Commission employed as a consultant at a salary of \$100.00 per day Mr. NORMAN REILICH. It so happens that this Mr. REILICH (according to information appearing in the "Daily Oklahoman" of May 15, page 30) has been associated with various "front" organizations of the U.S. Communist Party and has been an enthusiastic adherent to various Communist Party campaigns, among which, is the trip of the American "students" to Red Cuba in violation of the regulations of the American Department of State. Let us await the report....."

Informant also made available a pamphlet entitled: "OSWALD: A Castro Agent in the United States." by Carlos Bringuier, DRE Delegate, P. O. Box 2606, N.O., La. a copy of which is attached
