IN KENNEDY DEATH

Dr. Carlos Bringuier, New Orleans delegate of the Cuban Student Directorate, has wired President Lyndon B. Johnson saying America should be told about what he called "Fidel Castro's participation" in the assassination of President **John F. Kennedy**.

The telegram claimed Lee Harvey Oswald was executed before public opinion could focus against Fidel Castro "as the man responsible for the Kennedy killing."

Student Directorate Delegate Gets Word

Jack Ruby was in Cuba as late as last year, a New Orleans delegate of the Cuban Student Directorate asserted Monday.

Ruby is charged in Dallas, Texas, with slaying Lee H. Oswald, accused assassin of President John F. Kennedy.

Carlos Bringuier said Monday he was informed by the Miami headquarters of the Cuban Student Directorate that Ruby was in Cuba at the end of 1962 and the beginning of 1963.

He said a message was sent last week through the organization's radio program on WRUI in New York City to the group's agent in Havana named "Chaveza."

The agent was asked to confirm or deny that Ruby had made a trip later than one in 1959 which was made known previously. The 1959 trip was reportedly an attempt by Ruby to negotiate a jeep trade deal.

The agent said, according to Bringuier, that Ruby arrived in Havana at the end of 1962, leaving from Mexico, and stayed in Havana until January, 1963.

The agent reported that Ruby subsequently visited a tourist store in the Paseo del Prado that was located immediately in front of the Hotel Sevilla.

wait until he had an air-tight case. Death or suicide, he indicated, would be the only way those guilty could escape.

The Baton Rouge man Garrison's office will question 15-year-old insurance agent. While Russo was a student at Loyola University here, he says Ferrite told him about JFK. Russo did not come forward until after Ferrite died. Ferrite died Tuesday.

In other action related to the probe, it was learned that **Mark Lane**, the lawyer-author whose bestseller is the controversial "Rush to Judgment," plans to meet with Garrison in two to three weeks.

Lane, speaking of Garrison, said he "is the first who has seriously tried to find out the truth officially."

Meanwhile, it was reported that the questioning of anti-Castro Cubans in connection with the probe has aroused a feeling of indignation among members of the New Orleans Cuban community.

Carlos Bringuier, local delegate to the Cuban Student Directorate, said: "If Mr. Garrison discovers that an anti-Castro Cuban was involved in some plot to kill Mr. Kennedy, I will be the first to turn my hand against that man."

He added that if Garrison fails to come up with some answers now after a number of Cubans have been questioned, then "He has truly hurt all the Cuban community."

There have been some theories about an assassination conspiracy involving anti-Castro Cubans. Lee Oswald, Kennedy's accused assassin, according to one of these theories, was to have assassinated Fidel Castro, but when he was unable to get into Cuba, the story goes, the plot was redirected to Kennedy, for his failure to launch a second military action after the Bay of Pigs.
