Dear Mr. Weisberg:

The only people who can reject the rider on the knoll and accept a shot from the right rider at the order of his superiors are the Kennedy faction.

If they have anything to say I would like to hear it in plain English.

Miss Brunson sounds stiff at this late date. Mary and I are working hard. We think it best to do it right. It is going to take some more time. It is all there. -I wish I could talk to you. Feel the need very much. The next time you are this way, perhaps we could come to meet you and talk an hour or so. Perhaps you might have a layover at the Kansas City or Wichita airport some time.
