You are looking for attention. It seems as if you are looking for your death wish in the Family.

For the information of the Bureau, victim is a resident of Carmel Valley, California, who is self-employed as a public speaker, author, columnist, and occasionally heads up a local sensationalistic radio program. The dominant theme in all of the victim's public communications centers around her belief that Federal agencies, notably FBI and CIA, are engaged in a massive conspiracy. She believes that all parties to the conspiracy have been instrumental in carrying out the following events: The JOHN KENNEDY and ROBERT KENNEDY assassinations; MARTIN LUTHER KING assassination; PATRICIA HEARST kidnapping; MANSON Gang murders; and, formation of the SLA. She believes that the FBI and CIA have planted "agent provocators" to carry out the aforementioned activities.

The foregoing information was furnished to Assistant United States Attorney F. STEELE LANGFORD, who stated that the contents of the extortion letter did not amount to a threat. In view of the foregoing, no additional investigation will be conducted by the San Francisco Division. Victim was advised to change her telephone number to an unlisted number and to immediately contact the FBI upon receipt of any additional such communications.

Dear Mr. Foley,

Enclosed is a copy of the letter I mailed you April your name related April 12, 1974.

If your Bureau has "the HUGHES" that the Fingerprint: Hughes from your Identification Division are identical to fingerprints taken of a dead body April 5, 1968, then you answered every question in my letter.

Who was present when the fingerprints were taken if from the FBI?

Who witnessed the taking of the prints?

Who made the comparisons in Washington, D.C.?

Who was present to confirm the prints?

What date was the Air Pilot license, exact date, that you compared it to?

These are simple answers.

The names of FBI agent Latona, James Hosty, and other FBI men will be part of US history as the JFK assassination unravels.

The Hughes story is larger, and is an FBI matter..because if was kidnapped, if he was kept drugged, then killed, or another man killed in his place, that is your division and you are passing the buck.

If that was Hughes, there would be no secrets.

If Oswald had killed JFK, there would be no secrets, and years of research.

Remember, you were appointed by Richard Nixon, who played around with the law in his own hands. Did he put you there to hide, a la Watergate, or are you going to name those agents, your employees, who MADE THE FICTITIOUS IDENTIFICATION?

They are not secret CIA agents. You can give them names, and stand by their names, when it turns out that body buried April 5, 1968 was NOT HOWARD HUGHES. Please answer my letters without going in circles.

Thank you,

Mal Russell X-115

Dear Mr. Kelley,

For the past twelve years, I have researched various conspiracies committed inside the USA. by Federal employees and agents.

The Howard Hughes case tops them all because of it's lasting affect upon our society for generations to come.

Will you please provide me with the following information.

Dr. Joseph W. Jackimeczk took fingerprints from the body in Houston Texas, that was allegedly Howard Hughes.

1) Who was present with Dr. Joseph W. Jackimeczk when this print was taken?

2) How many persons were in the room when the print was taken?

3) Do you have their names?

4) What country was Dr. S. Jackimeczk born in?

5) What time did he enter the United States?

6) How long has he been at the hospital in Houston?

The Fingerprints arrived in the FBI office in Washington, D.C.

1) HOW MANY AGENTS EXAMINED THEM?

2) Do you have their names? May I have them, or the documents?

3) How long have they been with the FBI

4) Would you allow non-government experts on fingerprints to come the FBI offices to confirm your findings?

The fingerprints of Howard Hughes allegedly matched a Hughes application "in the 1930's".

1. Would you provide the exact date on the application?

Somebody was impersonating Howard Hughes, signing his name in Mexico which was a forgery. If they didn't have power of attorney, are you going to prosecute for this?

If persons inside the Howard Hughes empire come forth and prove he did, indeed, pass away several years ago.... will your witnesses, Dr. J. Jackimeczk and the FBI agent in DC who identified the prints as Hughes be prosecuted?

No more Watergates, Mr. Kelley.

Please answer these for me.

Sincerely,

Dear Ms. Brussell:

In reply to your letter of April 9th, a comparison made by officials of this Bureau indicates there is no doubt that the fingerprints turned over to the FBI are identical to those previously on file in our Identification Division of Howard Hughes. Further details regarding Mr. Hughes' death and the attending physician should be obtained from the hospital to which he was taken and the coroner responsible for certifying his death.

The FBI's scope of investigative authority does not extend beyond the confines of the United States and its possessions and at no time do we prosecute anyone. Prosecutive action for violations of Federal law is the responsibility of the United States Attorney.

Sincerely yours,

NOTE:

On 9/15/67 at 6:45 p. m., a reservation agent at Delta Airlines, Dallas, received a call that a bomb was on board Delta Airlines, Flight 827. Flight 827 originated at Atlanta and was enroute to San Francisco via Dallas. A search of the aircraft failed to locate any bomb.

Mrs. May Magnin Brussell who was boarding this flight for San Francisco made comments at Love Field, Dallas, she had conducted research on the Kennedy assassination and had been in conference with DA Jim Garrison, New Orleans, for three days. San Francisco determined that Mrs. Brussell in the past had expressed great alarm over the fact that the United States is becoming fascist. She is the daughter of Rabbi Edgar F. Magnin of Los Angeles. It has been reported Mrs. Brussell has "left-wing" leanings and is not in good favor with her father. She supports Mark Lane's book, "Rush to Judgement" and takes the view Lee Harvey Oswald was not a communist. She pictures America as controlled by conspirators in the Government which view she has stated publicly. She is writing a book on the assassination and claims the Government is withholding information on the assassination and the press is suppressing news on the investigation being conducted by New Orleans DA James Garrison. Mrs. Brussell is described as an author and a playwright, and due to her thinking which she has expressed publicly, Dallas and San Francisco are to incorporate information into letterhead memoranda suitable for dissemination to the Department and U. S. Secret Service.
