Were 37 national security taps operating last March. The figure is "highly mit- leading," Schwartz said, be cause it reflects the number of taps operating at any one time, not the annual total as reflected by the figures on court-authorized installations. Schwartz said figures sup- plied by Mitchell to Sen. Ed ward M. Kennedy (D-Mass.) ment tapped and bugged three times as many days for na- tional security purpose as it tional security purpose as it tional security purpose make public the correspond- make public the correspond-
