Dear Mr. Tatro:

This is in answer to your letter of August 26, 1980, regarding 6.5mm Mannlicher-Carano military ammunition allegedly involved in the Kennedy assassination.

The information given you in my letter of August 23, 1978, is all we have to offer regarding the ammunition. If you have copies of our shipping documents which you obtained from the F.B.I. you have more than we have. The original invoice copies on the shipments to Raritan Arsenal, Nixon, New Jersey in four lots of 1,000,000 each were scrapped long ago, as our policy dictates getting rid of routine invoice files after a suitable period of time.

I am sorry that we cannot enlighten you further in this matter.

Sincerely,

OLIN CORPORATION
