SUBJECT: Security measures taken for the late President Kennedy, and President Johnson, from Parkland Memorial Hospital, Dallas, Texas, to the US Naval Hospital, Bethesda, Maryland and to The White House on November 22 and 23, 1963.

When the late President Kennedy and the official motorcade departed Love Field, Dallas, Texas, on November 22, 1963, SA's Lawton (8-4) and Rybka (Garage) remained at the airport, to effect security at the plane during our absence.

On arrival at the emergency room at the Parkland Memorial Hospital, Dallas, Texas, the agents who worked the Secret Service follow-up car (ATSAIC Roberts shift) were utilized to cover the entrances and corridors leading to the emergency room. Shortly thereafter ATSAIC Stout (4P-12P) and his shift reported to me at the emergency room for instructions.

I then conferred with ASAIC Rufus Youngblood (who was in charge of security for the then Vice President Johnson), and told him to take ATSAIC Roberts and his shift to supplement his agents, and that I would take ATSAIC Stout and his agents with me until we returned to Washington, D. C. This change of shifts was immediately made at the hospital.

Vice President Johnson departed the Parkland Memorial Hospital prior to the departure of the body of President Kennedy, with ATSAIC Roberts shift working the Secret Service follow-up car. On their arrival at Love Field, ATSAIC Roberts and his shift completely secured the area where the President's plane was spotted.

Enroute to Washington, D. C., aboard AF #1 (USAF 26000) another conference was held with ASAIC Youngblood, where he was informed that he would have ATSAIC Stout and his shift with him on their arrival at Andrews AFB, Washington, D.C. I also informed him that I was accompanying the body of the late President Kennedy to the US Naval Hospital, Bethesda, Maryland, and would have with me Special Agents Hill, Landis, Greer and O'Leary.

When we arrived at Andrews AFB, Washington, D.C., the body of the late President Kennedy was placed in a US Navy ambulance, which was driven by SA Greer to the US Naval Hospital, Bethesda, Maryland with SA Landis and Dr. George Burkley and myself in the front seat. Mrs. Kennedy along with Mr. Robert Kennedy and General McHugh rode in the rear of the ambulance. SA's Hill and O'Leary rode in an accompanying vehicle.

At the US Naval Hospital, SA's Hill and Landis remained with Mrs. Kennedy near her quarters, located in the Towers of the Center. SA's Greer and O'Leary and myself accompanied the body to the morgue. SA O'Leary remained in the morgue only briefly.

SA Greer and myself remained with the body in the US Naval Hospital along with Agent Francis O'Neill, Jr., and James Siebert of the Federal Bureau of Investigation, witnessing the autopsy performed by members of the US Navy Medical Corps, and the embalming services done by the staff of Joseph Gawlers, Funeral Directors, Washington, D. C.

At 3:56 a.m., on Saturday, November 23, the body of the late President Kennedy was transported in a US Navy ambulance from the US Naval Hospital, Bethesda, Maryland, to the White House, with SA Greer driving the ambulance and myself riding in the front seat. Mrs. Kennedy and Mr. Robert Kennedy rode in the rear of the ambulance. SA's Hill and Landis rode in accompanying vehicles.

We arrived at the White House at 4:24 a.m., and the body was placed in the East Room.
