Facism In This Land

"Concentration camps are being prepared for the first time in the history of man. Even the Nazis didn't prepare their camps in advance."

(Charles R. Allen Jr.)

On Tuesday, November 19, 1967, at 8:30 p.m., Mr. Allen will speak on, "U.S. Concentration Camps: Present and Future Implications," in 501 Schermerhorn. This column is based on an interview with the Mr. Allen, journalist and author of "Concentration Camps, U.S.A." as well as other publications.

Mr. Allen first learned of the existence of the camps in 1951, while editor of the Nation. In 1952, he made an in-depth study of the camps, the results of which were published in the Daily Compass, the Nation, and the New Statesman (London), and widely discussed throughout Europe.

Last year, the Citizens Committee for Constitutional Liberties, alarmed by the possibility of using these camps to quell anti-Vietnam dissent, commissioned Mr. Allen to reinvestigate the sites. In spite of great harassment by the F.B.I., Mr. Allen succeeded in revisiting the sites and in talking to people in the Bureau of Prisons, (the agency responsible for the maintenance of the camps), from top officials down. The head of the Division of Internal Security

(which administers the camps), however, refused to be interviewed on the grounds that the camps were "none of the public's business."

Mr. Allen warns that the camps may be put into use in the near future. The United States is heading into a period of repression, historically prepared for by the McCarthy era. All conditions are right for a great repression: an international, imperialist war; a commitment to world-wide intervention; the upheaval of key elements of our society (the most repressed people — black people); and a maniac as President, controlled for the first time by reactionary Southwestern oil and construction financiers as opposed to the more moderate Eastern financial interests which have controlled previous administrations.

In spite of these gloomy indications, Mr. Allen sees hope in the black revolutions which are developing sophisticated urban guerilla tactics; in the new student movement, which is rejecting bourgeois standards and seeking more positive ones; in the ever-increasing numbers of people involved in the peace movement; and in the urban and rural poor which our system will never be able to accommodate. "These are the groups of people who will resist facism. We must join forces with them."

BW for VP

There just may be some merit in the campaign of Chief Burning Wood, who is apparently a self-proclaimed candidate for the Republican vice presidential nomination.

Chief Burning Wood, who won the contest in New Hampshire by write-in, plans to try a similar feat in Oregon, with Easton Cross, a Portland businessman, as his manager.

Burning Wood runs a psychedelic shop in New York City when he is not running for vice president. He is one-eighth Indian.

The merit? It's in his campaign slogan: "Give the Country Back to the Indians."

However, they certainly couldn't run it any worse than it is now. In its present state, the U.S. probably is no prize that the Indians would particularly want, and it certainly isn't in as good condition as it was when they were deprived of it initially.

Needless to say, Burning Wood ran in New Hampshire unopposed on the GOP ticket. He'll have none in Oregon, either—at least not listed on the ballots.

And the irony of the situation is this: No matter how ludicrous his campaign might seem to many, should he be successful in his quest for the Oregon nomination, the delegation of this state would be required, by law, to support his nomination at the convention, at least on the first ballot.

Ah, politics. It breeds strange red fellows. —H.L.E.

AGNEW said he quoted from an interview in The New York Times Sunday magazine in which Humphry was quoted as saying one reason he failed to take a firm stand for an end to the Vietnam war at the 1968 Democratic convention was that "I had a president who was absolutely paranoid about the war..."

De Gaulle Said to Blame Police in Kennedy Death

Special to The New York Times

PARIS, Oct. 19 — A French historian has written in a new book that Gen. Charles de Gaulle believes the police in the United States knew that President Kennedy would be assassinated, and that they wanted Lee Harvey Oswald to be killed.

In "La Tragédie du Général," the author, Jean-Raymond Tournoux, quotes President de Gaulle as saying after the assassination of President Kennedy in 1963:

"The police did the job, or they ordered it done, or else they let it happen. In any case, they were involved in it. It is always thus in a country torn by racial hatreds, where there are the oppressors and

the downtrodden, where the oppressors are more frightened than the oppressed, where the police, or at least some of them, are in league with the oppressors."

The book will be published tomorrow by Plon and by Paris-Match, the weekly news magazine. Mr. Tournoux, the political editor of Paris-Match and a respected historian, interviewed those people to whom General de Gaulle speaks freely.

According to the book, General de Gaulle contends that the police wanted people to believe that Oswald was a fanatical Communist so they could start a Communist witch-hunt and that the police planned to shoot Oswald to prevent a trial. Their plans went wrong so they went to an informer (Jack Ruby) who killed Oswald "on the pretext of defending the memory of Kennedy," Mr. Tournoux writes.

General de Gaulle is also quoted as having said: "America is becoming less and less a stable country, one that can be relied on. It is returning to its old demons."

Your government is to be congratulated on the recognition of the peoples republic of China. As for the remark of Nationalist China "a most unfriendly act", consider the prime source, the Nixon Adm. An almost similar remark came from two gangsters Nixon sent May 30, 1968 to blow up the white Chrysler of Irene Jurgenson - my assistant - when Nixon was attempting to disqualify my petition for delegate to the G.O.P. National Convention, and Representative from the 17th Congressional district, N.Y.C. When Irene Jurgenson surprised the Nixon gungels in the process of opening her trunk, one remarked, "this is unfriendly of you." (Entire story of Nixon harassment in her "Confidential Report of a German Citizen" May 30, '70 to Chancellor Willy Brandt, via the German Ambassador to Panama.) I remember well your press conference Nov. 9, '68 following the USA general election in which you predicted that the USA would enter an era of repression, polarization and race-war which the Las Vegas, Nev. Sunday Nov. 10th Review-Journal gave the entire upper half front page. The truth being the last thing the Wash. D.C. hypocrites want to hear, the prophet Isaiah fittingly describes these latter-day vipers, the Great Timahoe mystery: "None calleth for justice, nor any pleadeth for truth: they trust in vanity, and speak lies." Thus J. Edgar Hoover, the most notorious liar, was called upon to "blow up a building" to get you off the front page, and the 2nd edition saw your story replaced with Hoover hysteria.

You are to be further congratulated on invoking wartime powers in the kidnapping of a British diplomat and a Quebec cabinet minister, whose death will be blamed onto you, but it is your duty to remind all Canadians that the real enemy trying to divide Canada is the Nixon Adm. Hoover even tried to bribe your RCMP Chief to "frame" the winner of the New Hampshire Republican Vice Presidential primary by attempting to transfer him from Sharbot Lake, Ont. jail to Kingston Prison, Nov. 3, '69 for a FBI-type "execution" so your gov't could be blamed and you forced out of office. I have long been on the U.S. Int. Security pick-up list for having read the book published by the Northern Bookhouse, Box 1000, Gravenhurst, Ont. "HOW THE USA STOLE OUR CANADA." Hundreds of U.S. citizens who have dared to order this book are already incarcerated in U.S. insane asylums. Nixon as yet has not openly invoked Title II, McCarran Act, but during the past year, many U.S. citizens have found themselves carted off in the middle of the night by the FBI without trial or hearing for reading so-called Red literature. Since the basic tenet of the New Federalism via "No knock" is "preventive detention" (insane asylums) yet few understand what the Messiah meant when he said: "AND FEAR NOT THEM WHICH KILL THE BODY, BUT ARE NOT ABLE TO KILL THE SOUL: BUT RATHER FEAR HIM WHICH IS ABLE TO DESTROY BOTH SOUL AND BODY IN HELL." (See speech by the Hon. Usher L. Burdick, North Dakota, in the House of Representatives, June 13, 1937 describing the gentle art of lobotomy with estimate that 100,000 persons in the U.S. have been subjected to this psycho-political technique.) John F. Kennedy had his own brains blown out via the extreme right-wing in retaliation for trying to "lobotomize" General Edwin Walker, the demise being delivered one year to the day Bobby Kennedy failed to get a grand-jury to indict Gen. Walker for insurrection, Nov. 22, '61. (See "Invasion of Mississippi.") I predict that if Nixon doesn't stop this diabolic practise forthwith that the U.S. Army will blow his brains out providing Jackie Kennedy Onassis' gungels don't get him first, for the vengeance of this woman is real indeed especially since she had to marry Onassis to get the damnable U.S. Secret Service spies out of her living room - (who also were up to their necks along with J. Edgar Hoover in the plot to kill JFK. See p. 14 Oct. 20 N.Y. Times "DeGaulle said to Blame Police in JFK Death.")

Finally, I must confess General De Gaulle's last recommendation "Quebec Liber" was indeed riding the bullseye. All U.S. assets in Canada should be nationalized during this interim of special powers, for your real enemy is the Nixon Administration which tried to crucify you on the Cross a la British diplomat on the eve of your trip to the USSR. Similarly Nixon also halted my trip to the Republican Nat. Convention '68 by placing the overleaf editorial BW FOR VP in Oregon state newspapers falsely stating I ran unopposed for VP in New Hampshire where I beat Nixon's preference who wanted to "send all the negroes back to Africa" plus Governors Volpe, Kirk, Reagan and Romney in the primary. The crucifix Nixon hand-picked for my Oregon campaign, Easton Cross, told all reporters "Chief Burning Wood will finish 4th or 5th nationally", for which I can personally thank Mr. Nixon. You too can thank him for those headlines "Trudeau farther left than Karl Marx" as well as the latest Greek Gift, the Trojan Horse James Richard Cross, by expropriating the Canada stolen by the United States.

Notwithstanding recent strong denials by the U.S. Attorney General that Nixon will not invoke war powers in the states, nevertheless the entire scenario in Quebec was staged from Wash. D.C. with that precisely in mind. Nixon through Hoover hopes to be able to start a new witch hunt for Black Panthers, their sympathizers, and last but not least the Weathermen, most of whom are FBI agents trying to fabricate excuses for invoking Title II, McCarran Act for the incarceration of all anti-war protestors. This is the ultimate goal of the Nixon administration which wants to answer four-letter words with jail cells. Free Quebec Now . . . tomorrow may be too late!
