Dear Mr. Weisberg:

Thanks for the time you spent with me on the phone today. As promised I am enclosing a copy of the article about your collection of information regarding JFK and M L King. This is from The Wilmington Journal, dated September 29, 1992.

My friend and myself have always been skeptical about the "official" published facts regarding JFK's assassination, and are always looking for information about these events. You might say we are constantly interested in facts that would prove the public version as a white wash of the facts. Everybody loves a mystery and this is one of the great mysteries of the century. The many books and bits of information that appear on a continuing basis keeps increasing our skepticism.

If you don't mind, my friend or myself will be in touch with you in the near future and try to arrange a visit with you. This would certainly be at your convenience and we would also like to take you to lunch if you desire. The both of us are retired and we are not committed to a daily schedule. Being retired has given us the time to pursue matters that couldn't be while working.

Once again thank you for your time on the phone today.

Sincere yours;
