SUBJECT: WALTER LISTER, *114*
CBS NEWS, NEW YORK CITY;
WARREN COMMISSION REPORT,
ASSASSINATION OF PRESIDENT KENNEDY

At 4:15 p.m. today above-captioned telephoned from New York and talked with me. He said CBS is exploring the possibility of making a television program concerning the Warren Commission Report. One of the areas to be televised is that relating to the firing of the murder weapon by a competent expert to demonstrate pictorially the time element in the firing of three shots, etc. He asked that Special Agent Robert Frazier, whose testimony appears in the Warren Commission Report, be made available for this purpose.

ACTION TAKEN

I told Lister this would not be possible. He then asked that other personnel from our FBI Laboratory be made available, or other experts in this and other areas of investigation and laboratory examination - all in connection with the Warren Commission report and the FBI investigation of the assassination. I told Mr. Lister that we absolutely could not be of any assistance to him and could not make these men available.

For record purposes.
