was of the opinion that the information which appeared in the imitial paragraph of the questionnaire was information which Attorney HANES had delivered to HUIE. This may well place this type material in the nature of privileged information.

In addition, Sheriff advised that JAMES EARL MORATS RAY is a little more at ease with the guards at the present time than he was during his earlier incarceration. In fact, ... Sheriff stated that JAMES EARL RAY had informed the guards that he was most embarrassed when he had been arrested for jaywalking in Toronto. RAY told the guards that he and two buddles had been arrested at the same time for jay-walking. He date or time given by RAY for this arest in Toronto.

The reported employment in Winnetka, Illinois, shortly after RAY's escape from Missouri State Pen, appears to be new information. It is not felt that verification of this employment would add anything to the investigation of the murder of Dr. KING, per se. It is felt that inquiry by the Bureau at this time for the verification of this employment might only add material to WILLIAM BRADFORD HUIE's ultimate story. Memphis at this time recommends that no investigation by the Bureau be conducted to verify this employment.

Insofar as the jay-walking arrest in Toronto, since this information came via the guards at the Shelby County Jail, it is felt that inquiries should be made of the Toronto Police to ascertain whether or not they have such an arrest record. If such an arrest record is available, the identities of the so-called two buddies should be determined. Since no date was given as to the time of this alleged arrest, it is felt investigation should he held in abeyance. In the event this jay-walking arrest occurred at the time of RAY's first visit in Canada, here again it is not felt that extensive investigation would necessarily add anything to the investigation of the murder of Dr. KING. If, however, this jay-walking arrest did occur after the shooting of Dr. KING, the Memphis Office is of the opinion these so-called two buddies should be located and interviewed;
