

Mr. Carto's Beliefs

Post 6/10/68

Although I am reluctant to dignify Drew Pearson by refuting his politically motivated attacks against me by comment, the reason for his timing is now clear and deserves notice.

For the past few weeks Pearson and Anderson have been attacking me as a "Nazi" or worse. Of course, neither they nor their confederates are interested in me or any organization with which I may be associated; their intent is to defeat President Nixon's vitally important Safeguard anti-ballistic missile plan, as well as his nomination of a highly qualified and experienced security officer to the Subversive Activities Control Board.

By trying to identify me as a "Nazi" and the guiding force behind some voluntary citizens' efforts to defend our Nation from Soviet missiles, as well as a backer of internal security, they hope to show "guilt by association," and to accomplish their political aim.

I am certainly not a Nazi and never have been. I am a member of the Liberty Lobby and, as all members, have had to sign a loyalty oath that reads: (1) I certify that I do not advocate nor do I belong to any group which advocates the violent overthrow of the Government of the United States; (2) I believe in the Constitution; (3) I place my allegiance to the Republic of the United States above that which I give to any other temporal power, party or faction.

WILLIS A. CARTO,
Treasurer, Liberty Lobby.

Washington.
