Harold: Am trying to get an advance copy
Dear Dave and, 8/17/94 of Doubleday's POSNER for you. I would love to have your list of his corrections and changes
-- I would make them available to the Newsday book columnist, who then could plug CASE OPEN.

This card is from a fine man娊 whom we are all indebted, Jerome Agel. In the 1960s ge published the excellent and sprightly BOOKS. In it, at about the same time, he drew first public attention to
J.A. $/$ Ralph Nader ("Unsafe at any Speed" and to Whitewash. Wd must forgive hin, those of you who remember it, his coauthoring of " 22 Fires" and in doing then remember some of the critics and what they've published and done. He is at 2 Peter ' 'Coper Road, WYC, WY 10010. I am not going to be able to go over the Anchor paperback which, although Jerry did not know about it, was in the FYC stores last week. I was told by someone who picked it and an took mere Glance. He said nothing new, other than the innumerable correction he did not check, other than an into. to that edition. You have your own mistakes you noted and about which you corresponded with him and you are in. touch with others, as I am not, who may be making the same kinds of checks. There may be ' some of that in tho newsletters you see and I do not. Or your friends do. So, wigan you please, and will you please ask others to keep Jerry fully informed? While the indexed pub date is September, and the book has not yet reached frederick, it is in distribution.

I forgot: Jerry also got ${ }^{14}$ arshq 17 Mcluhan his start. And when ${ }^{\perp}$ was in New York he let me use his office and his phone. He also took me around and introduced me where he thought if might do some good at the American booksellers Convention that year, 1966. He did all he could and more than anyone else to get the first criticism of the $W_{a r r e n}$ Report attention, and he did that in Books, too,

Aside from which it will help us all now, in helping Case Open and in helping the truth get around.
