Dear Lady,

Haven't replied to your card and notes because I'm daily getting further behind in preparation for an ill-coming term. I do hope to be down and most recently expected I could Tuesday but that is now improbable.

Until I can, which now probably cannot be until sometime the week of 2/16 at earliest, could you please try and make notes? Or speak them into your tape recorder, so you will not forget.

I think I'll have to leave town again for a few days about 2/25. Do you think, if I cannot get down, you might be able to come up here toward the end of this previous week?

I never saw Oswald in Los Angeles after I mailed you until it was printed and I never had time to read it. Well, who is kidding, says Oswald says that, some stuff, some nonsense but not helpful. If as you read it you see any errors, could you please note them.

Best to you all.

Sincerely,

Thank You

Dear Friends:

Just finished a note to our friends in which I asked for that tape. At the library I was able to get an address which may be more accurate than a previous one.

Bob has your latest book with him and is jotting down some notes which we will go over with you. He is on a two week trip and will be home Friday.

Sorry that we have not been able to get together sooner but we too have been very busy.

See you soon,

Trudy
