

3/23/77

Dear Wayne,

As of now I may be on a plane that stops at Memphis on 6/10. I'll be on my way to Dallas.

If my recollection is correct the plane I'll be taking does make that one stop.

I've not yet made my travel arrangements, so I'm not sure.

I was to have done this a while back, which accounts for the belief that there is this Memphis stop. It then did not work out.

I'd like to talk to you if you can be free and at the airport then. I do not plan to stop at Memphis. Other than as the plane does.

Then does not mean much, does it. My recollection is that it would be 10-11 a.m. your time.

I think the same is true on the return, the Dallas flight stops at Memphis before Washington.

Maybe if Phil Hess is back by then on the return flight maybe he and I can get together. Not necessarily privately.

However, I would like to speak to you alone.

No reference to Phil, but the trust I impart in you I do not impart universally.

What I want to talk to you about I want to be between you and me.

I do not have the Memphis Willis, not Willie Green stories and the Kershaw b.s. about him. But I know that story, from six or more years ago. And recent stories.

I think we've talked about this.

Jay Fred Friedman moved his office between my last two trips there. If I did not ask you his new address, may I please now?

If it presents no problem to you I'd like to have the Memphis stories on the damage from the 3/22/68 violence. I have contradictory accounts. I'll be writing of it.

Redditt appeared on a New York TV talk show a week or so ago. I did not hear it and do not have a tape of it. I have been told that he was honest and said his function was surveillance, not security. The show was on the ABC station. It is called the Bill Noble Show. I did it about a year ago. It is black oriented.

I've been told Les was on the same show. He had three weeks off and then got sick so I have not seen him.

You told me Richmond has been saying he <sup>also</sup> had been yanked. He lies.

You told me that it has been some years since Holloman was with the FBI. True. I have obtained this report. As I recall it about 4 years. So Hoover did not send him down....

You asked about my book. No writing yet except on the one I've laid aside.

Hope we can meet for a few moments. Best wishes,
