PERSONAL AND CONFIDENTIAL

Mr. Richard Gallen
231 - East 51st Street
New York, New York.

Dear Mr. Gallen:

At Hal Weisberg's request, enclosed please find material for your review and consideration, as his business associate, friend and immediate counsel; belatedly, I find out that we should have been conferring with you all along, instead of Starr, as this material will reveal.

Let me make our position wholly clear: until and unless we can formalize our relationship in this overall matter, both counsel and other interests under my aegis realistically cannot afford to commit ourselves, professionally and financially, to anything other than my current authorization to negotiate motion picture and television rights.

Your advisory is critical at this juncture; Hal will discuss this matter with you in New York upon his arrival October 30th, 1967.

Sincerely yours,

JGC/jpp
