Dear Steve,

Just back from well-received Ohio-Indiana trip and clogged up again.

Hal phoned last night. They want me there for a week. Okay. This means I'll be able to go to LA end of week of 2/4 or first thing next week. He'll know.

Enclosed is curt letter to Trent Gough. They cannot do anything in a business-like way, keep freezing me out and asking for help, and never ask me if I am free for whatever date they want but always select a date without consultation, and it always happens to be one for which I'm booked. It wastes a great amount of time.

Wherever I go, reaction to that Pyns show continues fantastic. A woman in French Broadcasting system practically swooned yesterday. I wonder if there is something we can learn from this. Not even the minority report show approximated this.

To add to your polls, here is a Thermofax of a rather flattering letter I was given when I asked only for the results of the poll. Please remember also, this is conservative heartland. The calls to me were wonderful. Quite a few people came up to me afterward, even strangers on the train.

Please let me know your correct address. Your printed and stamped addresses are different.

I've challenged the London Times Literary Supplement for an opportunity to respond to Sparrow and written them a letter on Roche, who I accused of attempting the political assassination of Robert Kennedy on behalf of the White House.

John has a brother-in-law who is trying to arrange a week-long forum or symposium or something like that through the UCLA faculty senate. Details when I have them. Vague now.

Regards to all. Oh, please, may I have a copy of the tape of the Crane Show, as soon as possible? It is to be aired in DC, and I'm to get a daytime show near it. I want to be able to pick things up. Need to hear it for that.

Best,
