12/21/67

Deer Steve,

Just returned from N.O. tired, aching, further behind than ever, but gratified at what I think may turn out to be some rether successful investigations and other developments. Of one that I cannot now commit to paper I presume you may have already heard. Others I will tell you about when I see you.

The considerable reaction I have had to the Pyne Show confirms my judgement, that it reached an audience we had never before tapped. Its effect, from my mail and phone calls, was good.

Thanks for your card. Sorry we have no time for them, but we are harry to be remembered.

For your files and information, i enclose the letest and I sincerely hope last exchange with Hay.

Please let me know when Maggie expects to return. When you see my friends, please be my phristmas card and tell them that I do wish them the best holdiey seeson end a better year to follow.

With ell best wishes,

The state of the property of the season of the state of t
