NEW ADDRESS: Rt. 8, Frederick, Md. 21701

9/17/68

Mr. George E. Renner Citizens' Committee of Inquiry 7616 - 13th Ave., Seattle, Wash. 98107

Deer Mr. Renner,

I am quite disappointed that you have not answered my letter of two months ago end that I have not received what you said in your letter of 7/16 was being prepared End sent to me. I would appreciate an explanation.

I had planned to use some of this material in a book I had then drafted and was revising. I left the "heat section out, expecting what you would be mending. I had just about enough to use, but I decided to weit for the new material you had that I did not. The consequence is that I have finished the manuscript with no mention of the "heats at all. There is much too much work to do to go back and revise a book. If it is important it, of course, can be done. But it is a weste of time that I really cannot justify.

Sometime soon, I hope, plans for my trip to California will jell. Should you have any interest, Steve Burton or Hel Verb wills know before I do when and where I will be.

Sincerely yours,

Harold Weisberg

Dear Mr. Remar,

It would be inadviseable for me to ask Bargis for snything, particularly anything on Bringuier. He has repetitiously filed frivolous suits against me. This past Wednesday and the Wednesday two weeks earlier he received heavy blows in court. I intend suing him as soon as I can. I would like very much to have a copy of the samphlet you refer to and the citation to Bringuier for his "Americanism". How these people abuse words:

If I can get to the west coest, I'll aet you know in advance. Getting from San Frencisco or L.A. to your part should not cost too much.

Burton is in Europe. If you have no other person to contact, phone Al Schwarz, who lives at 8633 %. Knoll Drive. You also can trust Art Kevin or Jim Lawrence at KHJ radio implicitly. The phone there is 642-2133.

A perticularly glaring example of dargis at his worst, or several, would be helpful vs Bringuier.

Years ago I once had the largest individual files on the native fascists. still have most of it, but inaccessibly. Our interests are alike, as I presume our concerns are. For the moment, I need everything I can get on the NSRP, Theat, Dremman and their closest collaborators for COUP D'ETAT, the second unpublished book. I am now reading it and making additions. Have you anything on J.A. Milteer or Jack H. Ercwn, both NSRP?

Blease thank your Klamath Falls friend for me.

Have a good vacation. Some day I will learn what those things are:

Mr. Harold Weisberg Route 8 Frederick, Maryland 21701

Dear Mr. Weisberg,

Yours of the thirteenth arrived today.

My Klamath Falls friend is preparing a better xerox set of the Wheat articles, and an inventory of literature found on the premises from the groups you mentioned.

By the way, I believe Hargis published a pamphlet by Bringuier on Cuba. The title escapes me, but I imagine it is still in print.

Believe me, I would like nothing better than to have you out here, but Washington CCI is still new and small, still trying to break out of isolation, with little cash. Perhaps sometime in the future, if things go right.

I shall order a copy of PHOTOGRAPHIC WHITEWASH when I return from los Angeles, where I am heading shortly for a vacation. Two friends of yours, the Newcombs, are up here on a vacation and have kindly offered to let me mooch a ride. It will also be an opportunity to hand carry some potentially valuable material from this area to Burton.

I'm glad to see you are writing another book, and I look forward to seeing it. I guess that puts you meck-and-neck with Joesten, which pleases me. I am high tariff in all things.

Perhaps someday I can do you a favor. For the last seven or eight years a constant interest of mine has been the domestic extreme Right. I have about forty boxes of literature and correspondence from various groups and individuals and documentation on them. If the occasion arises that I have something that interests you, I would provide whatever I can. Unfortunately, I as yet have no inventory of my holdings.

Keep up the good work.

Sincerely yours,

George E. Rennar
