Dear Friend:

The Citizens for Truth About the Kennedy Assassination (CTKA) was organized as a result of a call to action at the April 1993 *Midwest Symposium on Assassinations* held in Chicago. We are a political action group whose primary purpose is to reopen the unsolved assassinations of the 1960's. One of our immediate goals is to demand the appointment of an Independent Counsel or "Special Prosecutor" to conduct a full, uncompromising, criminal investigation into the assassination of President John F. Kennedy. It is our goal to submit names for potential prosecutors, and introduce terms and condition designed to prevent a closed or secret inquiry.

We are writing key authors, researchers, and activists who have been outspoken about the many contradictions of evidence surrounding the Kennedy assassination. We wish to determine their willingness to lend their names to CTKA for inclusion as part of a media package to be released in the near future of individuals who support the appointment of a special prosecutor in order to get to the bottom of this crime. We will also be seeking the support of various politicians, celebrities, and other public figures.

If you believe the time is now to appoint a prosecutor, may we include your name along with our continually expanding list of other concerned citizens for our media release? In order to use your name, it would be necessary for you to send us written permission addressed to CTKA stating that your name can be used for this purpose.

I apologize that this letter is somewhat generic and lacks a personal touch, however, time is of the essence and we must reach as many concerned individuals as soon as possible.

We hope to hear from you soon.

Sincerely,

Jim DiEugenio
Chairman, CTKA
