

Robert A. Murphy to J. J. Pottinger 3/31/75
all was originally held to be exempt from
declassification provisions on 4/4/76 - after
the suit was filed, now all is released, with
some exceptions. What can be released now
could have been released at any prior time.
Turner's declassification dated 12/5/77
To p 25 no source is cited although there are
many references to & direct quotations
from FBI records. There has to have
been some records other than this memo,
so written means of supporting it.
What Church committee released &
even what FBI volunteered to it
is withheld, like the content of the
letter in which the FBI tries to
force King to suicide. (p 44)
