[REDACTED]

1. The Board of Directors was looking for a chairman who enjoys some prestige. Former Senator Thomas Dodd, of Connecticut, was briefly considered for the role.
2. The committee had been turned down for tax exempt status.
3. The committee's bank account balance was \$365.00.
4. Senator Ted Kennedy was described as "brutally opposed to what we are doing."
5. Committee members believe that a conspiracy existed in the assassination of President Kennedy, Rev. Martin Luther King, Senator Robert Kennedy, and they also questioned the circumstances of the recent death in Nigeria, an apparent reference to the drowning death of Whitney Young, former head of the Urban League, who was attended on that occasion by former Attorney General Ramsey Clark.

[REDACTED] committee members would be interested in having Special Agent James P. Hosty, of the Kansas City Office, furnish information to one of their members which they assume he has withheld concerning the "true relationship" between Lee Harvey Oswald and the Bureau.

7-0 [REDACTED] committee members are interested in certain investigative reports of Special Agent Robert P. Gemberling, of the Dallas Office, (referred to as Bob Gimberly) some of whose reports concerning the assassination of President Kennedy were not published by the Warren Committee.

It is suggested that the Kansas City and Dallas Offices alert SA's HOSTY and GEMBERLING to the fact that they might be approached by individuals acting on behalf of captioned committee.

7-0 It is the evaluation of this office [REDACTED] that the captioned committee is composed of a number of anti-establishment paranoids with an innate distrust of our system of government.

The enclosure is forwarded only for the information of the Bureau, and no action is recommended.
