Where possible I've answered your questions on the xerox of the dr ift of the bio. The dates arek the bost guesses I can now make. I kept no records if such things. Place of birth: Philadelphia, Pa.

Dates at University of Delaware: 1930-3 (No degree-left after in her's death.)

Newspapers: Wilmington Morning News, Wilmington Sunday Star (1930-); correspondent

Ph iladelphia Ledger syndicated Sunday section (1930-3). Others, occasi nal correspondent.

Magazines: regular during period of free-lancing, Washington corre. pondent of Click (it was then 3rd largest picture na azine) 1940-2.

C.S.S. dates: 1943-7.

Perhaps I didn't say, perhaps you don't care, but 1936-9 I was a Schate editor and investigator.

There were two Dell reprints, not "new editions". I've added the second.

I am not now free-lancing. I am working on books only.

Sorry I can't be more specific after all these years.
