Osweld's literature distribution-12/14/68 reinterview with Jesse Core HW

Jesse Core normally extended courtesies to the FBI made possible by his Trade-Mart potition, especially in conjection with the visits of foreign personneges, always a security problem. He feels that when he phoned the FBI at the time HHO picketed the ITM they came only as a courtegy to him. The agent, he is pretty contain, was Connor, who he knew well. I was told the FBI knew of Cawald, that he had been errested a week earlier. It is also possible that the egent was another he knew well end likes.

To this agent he gave a clean, unrumpled leaflet given him by ohn B. Alice (Ah-lee' say). He saved the wrinkled one he had earlier crumpled and thrown in Swald's free and later retrieved from the gutter) for himself. It is this one of which he gave me a cory.

He is positive he did not give the leaflet to deBrueys because he is confident deBrueys was not the first egent to see him (that was later). I gave him copies of the fBI reports. He also know debrueys well.

After the assassination, on 11/22/63, when reminded of this incident by Bill Martin, later on Gar ison's staff, Core phoned the FBI to remind them of the 8/18/63 incident. "The acted like they couldn't care less", he says.
