A NATIONAL CITIZEN ACTION NEWSPAPER

Fellow American:

How often do you read headlines like these in your daily newspapers:

"Is CIA Hamstringing Cuban Liberation?"

"Was the Red Twin-Orbit a Gigantic Hoax?"

"Top Brazilian Officials Enjoy Red Honeymoon"

"UNESCO Power Grab For Our Schools"

"U.S. Tax Dollars Aid Communist Scientists"

Almost never? Seldom? The truth is that even when the great, globe-spanning wire services carry news behind headlines like these, most of the captive, left-wing dailies won't print it!

But Americans are becoming alarmed. They want to be informed fully about such urgent matters of concern to all of us as the documented fact that there are Soviet troops in Cuba!

That's why the circulation of THE INDEPENDENT AMERICAN (now in its 8th year) continues to show such a steady increase. It reflects the increasing awareness of the American people, and their growing recognition of the need for a return to positive government action in the American tradition.

America is the only cause THE INDEPENDENT AMERICAN serves. No pressure group, political or economic, controls our policies. We believe there is no 'hard' or 'soft' line in news reporting -- only the truth.

And we believe in telling you the truth about what's going on and what you can do about it!

If you are sick and tired ... of Communist infiltration into American Government through such semi-secret organizations as The Council on Foreign Relations, if you are downright mad ... about the way your tax money is being spent to aid the International Communist Conspiracy, if you want the truth ... about what Socialist-oriented legislation is doing to basic American freedoms guaranteed us by our Constitution, THE INDEPENDENT AMERICAN is a newspaper you can't afford to be without!

To get clear, accurate coverage of the news behind the news, join the ever-growing list of subscribers to THE INDEPENDENT AMERICAN.

And, as a bonus, you will receive free of charge, as an INDEPENDENT AMERICAN subscriber, our TAX FAX pamphlets containing documented facts and figures on current controversial issues. In the past, TAX FAX pamphlets have covered such widely discussed subjects as how foreign aid aids Communism, how the income tax can be repealed, how the U.N. is a smoke screen for Soviet aggression, and many others.
