which show US busy at giving USSR ample  
 reason to suspect US attack on it, and  
 that, further, McChamara spelled it  
 all out, publicly, in a speech at  
 Ann Arbor Mich, in June 1962.

Each acknowledges his adm. policy  
 of obtaining "greater" nuclear  
 superiority "would mean it was" pro-  
 ceeding a first-strike premise - an  
 attack on the USSR!!! An alterna-  
 tive meaning, "a cities only strategy",  
 i.e., wiping out USSR population centers.  
 I had it this after the "missile gap" was  
 "just" "withered away" (499). Actually,  
 he says (501) that was McChamara who  
 after war "larger than a force design-  
 ed only to retaliate against enemy  
 cities in a single convulsive blow."
