Dear Kathy,

Sorry you could not make it with Doug and Barb.

They mentioned a project of yours that I think is very worthwhile, identifying all present at the autopsy, including in the amphitheater.

And that reminds me.

Some years ago when I could and did travel I did a Washington talk show with Bud Fensterwald along. In the event this interests you perhaps AARC may have the tape of it if Bud got it. I do not know.

It was a show with call-ins.

One of them was an articulate and seemingly well-educated woman on the staff (and by this I do not mean to suggest medical staff) of the Bethesda hospital. She was present and from what she said I believed her.

She could not have been present on the floor or in any clerical position because the receipts signed by both FBI and SS were typed by a navy corpsman.

This would seem to indicate that there may have been other employees in ~~the~~ ^{the} amphitheater.

This leads me to suggest that if you find any of ^{them} those who ^{are} were there willing to talk to you you may find it possible, through them, to learn of others.

The radio station was WADC, if you ask AARC if it has the tape. But I do not recall any identifier on it. She was careful about that and that impressed ~~me~~ me then.

Best,

Harold
